REPORT 0F THE DACORUM FOOTPATH SECRETARY 2026

Brian Patterson has agreed to become Rambler's footpath secretary for Tring Town and Tring rural, previously he looked after Flamstead and Markyate parishes so these are now vacant.

Flamstead is a fairly large parish with a lot of good walking and a few difficult paths north of the old A5 road.

Markyate is a smaller parish, again with some difficult paths north of the old A5

Aldbury 1 modification order was confirmed (this is Ashridge drive). Kings Langley 17 extinguishment order was also confirmed.

I was informed by Rambler's head office about improvements to footpaths at Jarmans Park, and also about proposed 20 MPH speed limits proposed in Long Marston and Wilstone, but neither of these seem to affect rights of way. There was also an interesting proposal about Pitstone quarry which will create extra footpaths and a wild swimming area.

The northern footpath volunteers have cleared several paths in Dacorum including High Park Wood, Gaddesden Row bridleway, some bridleways on Little Hay golf course and Flamstead 15.
